Program

Travis Castleberry, of the Cincinnati Library, was our guest speaker. While making a plea for a one mill levy on the next election he shared some interesting facts about our libraries. The public library of Hamilton co. and Cincinnati have 40 branches and offer 20,000 free programs. Cincinnati libraries are the second busiest libraries in the country next to New York. 80% of all Hamilton co. households have one card holder. The libraries currently need 18 million in maintenance needs
