Program

Amber Jones introduced Dylan Shelton, Map Cap Puppets Art Director as our guest speaker. Dylan joined Map Cap in 2002. This Puppet Troup is one of 3 Puppet centers in the country. Last year they entertained over 160,000 students and patrons in 14 states. They collaborate with many Arts organizations and recently merged with the Landmark group who manages the Covedale and Incline theaters. They hope to have the new facility on Harrison Ave. up and running by the end of the year.

Dylan called on “volunteers”: Joe Marquet, Melva Gweyn and John Linnenberg to embrace and operate 3 different puppets- a talent that takes years to master was perfected in minutes. They did not disappoint!
