

# **Cheviot Westwood Kiwanis Bulletin**

## **3/20/18**

### **Attendance**

Actives 39

Prospective

Speaker 1

Guest

We were greeted by Reuben Nystrom & Bob Westendorf

**Invocation given by ----- Paul Brettschneider**

**Membership is everyone's responsibility. Invite a friend to lunch.**

### **Announcements**

There will be a Youth Services meeting next week in the Board Room.

Parade applications are available, filling up fast. They are available on the HHF Web site or from Dave Backer.

We are in need of a few Chairpersons Membership, Program and Publicity.

Get involved in Kiwanis and the Harvest Home Fair Association by being a Chairperson or just being a member of a committee.

Community Service will be going to Wesley next week after the regular meeting.

### **Health and Cheer**

Bill Sachs is recovering at Covenant Village off of West Fork Rd.

### **Glad hander**

John Linnenberg gave Dane Mitchell a booklet of postage stamps

### **Program**

Tim Sullivan introduced our speaker Ron Henlein, Director Corporate/Community

Partnerships of People Working Cooperatively (PWC).

PWC since 1975 is a non-profit organization providing professional, critical home repairs, energy conservation, modification, and maintenance services to help residents stay safely in their homes.

These services are provided to veterans, low income earners, the elderly and people with disabilities. PWC focuses on very basic living essentials-heat, running water, working toilets, solid roofing and other repairs that keep a home safe and habitable.

PWC also offers **Whole Home** a fee-based service providing innovative designs, high-end finishes and remodeling services with experienced professionals. Proceeds from Whole Home directly benefit PWC.

PWC will be opening a Whole Home Innovation Center in September of this year.

Whole Home also offers a “**Healthy Home**” assessment, a comprehensive report on the home’s environment.

Whole Home also provides a **Fall Prevention Assessment** a review of “high risk” fall areas throughout

the inside and outside of the home providing education and awareness of fall risk hazards.
