

Cheviot Westwood Kiwanis Bulletin

April 9, 2013

Today's Greeters: were a big disappointment compared to last week as Bob Westendorf and Pete Minges were on duty.

Jim Eger was still at the piano and Dwight Young showed us how the professionals handle the invocation.

I don't
remember
being there

Sorry Kristina that I got my facts wrong last week about your Florida golf outing, but how was I to know that the big man would be a no show.

How about this joke from Kristina, which I paraphrased a little.” A cop pulls over this Amish lady driving her buggy and says that her tail light was broken and that the reins were improperly draped over the horses back and around his balls and that was cruelty to animals. She was told to get it corrected and she promised to discuss it with her

husband and get the problems fixed”. This is what she told her husband. ” I got pulled over by a policeman for having a problem with my tail light and something about the brakes.”

Attendance: 50 active, 14 seniors, 2 guests (speakers Ann Frederick and Mike Frederick) for a total of 66. Three more sun tanned members were with us, Dick Braun, Don Clark and Jack Geiler all back from their winter home in Florida. Please feel free to use this bulletin as proof of how long you were in your primary taxing district. It was also noted that Bill Gerhardt was absent (there goes his perfect attendance, see Jim Weber about a make-up meeting)

Health & cheer: On the down side, Karl Ziesmann was admitted to Bethesda Hospital. On the upside, Cincinnati Fire Foundation Inc. selected Mike Rolfes to receive its distinguished civilian service award for coming to the aid of an unresponsive man (a Cincinnati Bell lineman who was suffering from an electrical shock) June 2012 at West Bend Rd near Betts Ave.

Gladhandler: This time it was Mike Keck who had to stop before coming to the meeting at Small’s Hardware to get a gift for Ron Dabney. It was a tiny shovel at which Ron responded, ” I don’t have a sand box anymore.”

Announcements: Hey, VP Mike Kahsar (our joke king) says “invite someone to lunch in May”. May is membership month for

Kiwanis International. Youth Services will meet next Tuesday after the meeting. Membership will also meet Tuesday April 16th at 1:00pm

Program: Tom Baumann has come before us two weeks in a row. This time he introduced his vet. (The poor guy has horses). Dr Michael Frederick, who is active in the Harvest Home Fair and His wife Ann Frederick, who is a board member of the Hamilton County Parks Foundation. Hamilton County Parks are creating an 11 plus acre Dog Park called the Simmonds Family Dog Park, located next to Miami Whitewater Forest on Miamitown Rd., due

to open in 2014. \$1,100,000 million will be invested in the park. 800 fire hydrants or trees will be planted. Dick Braun also wanted them to be sure and have a good supply of doggy bags. Across the street from the dog park will be an area used by SPCA with a place to see and adopt pets. 13,000 to 14,000 animals were brought to the shelter in 2012. Adoptable dogs are not put down. Last year 6153 were adopted, including about 1500 cats. (If you missed the meeting, 50 Frisbees were also passed out)
